

Signatures

We are so happy to be able to open our doors again after being closed for 4 months and get back to doing what we do and love best.....looking after you. As we reopen, we want to do everything we can to ensure both yours and the safety of our team whilst maintaining the friendly and sociable environment that our restaurant always strives to offer.

We are putting in the below measurements and ask both our customers and team to play their part in ensuring a safe surrounding for all:

Hand Sanitising

We are asking all customers to sanitise their hands upon arrival to the restaurant and all of team are washing and sanitising their hands regularly.

Social Distancing

We ask all customers and our team members to practise safe social distancing and to please be courteous to others in tight spaces around the restaurant. We have reduced the number of tables and seats to ensure safer distances between tables and diners.

Regular Cleaning

Our team are regularly cleaning and sanitising "touch areas" around the restaurant as well as regular cleaning of our toilets.

Seated Service Inside and Queuing

We are offering table service only. Please wait to be seated upon arrival and we ask that you do not approach the bar; your server will come to you. For those without a reservation you may need to queue outside for a table to become available.

Please Arrive On Time For Your Booking

We request that you do not arrive more than 5 minutes ahead of your booking time as we do not have extra seating available nor is standing at the bar permitted.

Single Use Menus

Our menus will be single use for each customer and will be recycled after.

Track and Trace

Your booking details will be used for Track and Trace should they be needed however if you come along without a reservation then we'll ask for your details on arrival.

Reduced Contact

As much as we love interaction with each other, at the moment we need to try and limit this as much as possible so we encourage contactless/card payments.

Staff Health Checks Staff will undertake temperature and health checks upon arrival for their shift to ensure they are fit to work. It is the individual choice of the staff member whether they **wear face masks or not**.

We hope that we have found the right balance between opening up with the new normal way of operating & keeping you and our team safe. See you soon,
